- We are a travel agent.
Please indicate the commission excluding VAT in all invoices. We will pay nicko tours the price of the holiday minus the indicated level of commission. (VAT is indicated only for German agencies.)

nicko tours is an agent for holidays provided by us. We sell nicko tours products exclusively on the basis of catalogues or other sales tools provided in which nicko tours is explicitly named to the customer as the operator. Before accepting a booking from a customer, we will provide the customer with nicko tours' terms and conditions; the customer will confirm the content of these when the booking is made. The travel contract thus is made between nicko tours and the traveller. As the agent, we are obliged to issue the customer with the guarantee certificate printed on the nicko tours holiday confirmation before accepting part or full payment. We are not permitted to alter the travel service in any way. In particular, we are not permitted to include additional services such as shuttle buses or pre- and post-tour programmes in the price of the trip. Additional services such as these are to be sold to the customer under a separate invoice. nicko tours is not liable as agent for these additional services.
